

VHA is doing a Direct Hire initiative for Human Resource Specialists.

These are REMOTE positions and are GS9-12. The position opened today and is open until 12/29/2023 however, I would recommend applying sooner rather than later since these are Direct Hire, they can hire before the official close date.

The second positions announcement (below) is for HR Assistant, targeting GS5-7 level. But it also a remote position.

Let me know if you have questions.
